Fitness Center

Masks are required in the Fitness Center. Our max capacity (including staff) will be 12 people at a time in the Fitness Center. If the Fitness Center is at capacity when you arrive, you may be asked to wait. Like many other fitness and retail locations, we want to make sure everyone is safe, and limiting the number of people in the Fitness Center at once helps us maintain safe distancing goals.

****Note: those who have elected to participate in mask-free services may do so in the Fitness Center, but we ask that you continue to honor safe-distancing practices****

Please make sure to wipe down when moving from one piece of equipment to another.

Group Exercise Classes

Masks are required. Please come prepared with your own towel and fitness mat if the class requires one. Our max capacity (including staff) will be 12 people at a time in the Group Exercise class.

****Note: those who have elected to participate in mask-free services may do so in the Fitness Center, but we ask that you continue to honor safe-distancing practices****

Deep Cleaning Schedule

- During the Week, the Fitness Center will be closed for a 30-minute deep cleaning at 11:30 AM and 4:30 PM.
- During the Weekend, the Fitness Center will be closed for a 30-minute deep cleaning at 11:30 AM and 2:30 PM.
